IJ35

COMPACT, QUIET AND OFFICE-FRIENDLY

Conveniently compact, quiet and easy to use, the IJ35 has been designed to be friendly to every aspect of your business. It boasts many of the features you'll find on larger machines. An automatic label dispenser is included as standard and Neopost AutoFeed can be added as your mailing needs grow.

No more fuzzy franking marks. The IJ35's advanced inkjet technology produces a crisp, clear frank and a clean, positive message about your company. Your envelopes can be used as selling tools, with the IJ35 storing a selection of customised marketing slogans. You can get it to print new text messages any time you like.

NO MORE "GUESS THE WEIGHT"

People often guess the weight of unusual packages – and waste money on over-stamping. The IJ35's integrated, electronic weigh platform option allows you to check the weight of envelopes and packages and then automatically applies the correct postage.

PROFESSIONAL IMAGE

The IJ35 is 100% inkjet and 100% digital, which gives you superbly crisp, clean impressions. Up to ten customised slogans can be loaded from memory cards and you can add your company name, greetings, marketing slogans – even logos and photographs.

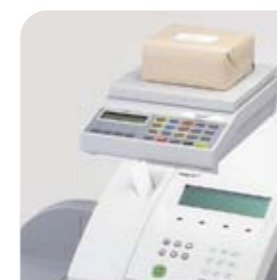

UNPARALLELED EASE OF USE

The IJ35's easy-to-read display and one-touch controls make operating easy, while long-lasting ink cartridges are a snap to replace. Logos and slogans can be uploaded from digital memory cards, which are also used to update postal rates when they change.

RECHARGING POSTAL COSTS MADE EASY

The IJ35 allows you to easily recharge your postal costs, either to other departments or to customers, with mail accounting capabilities for up to 35 accounts. Accounting records can be printed onto franking labels or through an external printer.

THE SIMPLE SOLUTION TO AWKWARD SHAPED PARCELS

Additional scales can be interfaced with the IJ35 for large, irregular shaped packets and parcels of more than 2 kg – and you don't even need stamps! A built-in label dispenser enables the IJ35 to print onto a self-adhesive strip, making it easy to apply to larger items.

A MINI MAILROOM IN YOUR OFFICE

Linked to a folder inserter, the IJ35 gives you all the advantages of mini-mailroom capabilities and continuous, ready-to-mail processing. It will deal with your mail in a tenth of the time it would take a staff member to handle it, and can be used for mailsots and other marketing activities.

Automatic label dispenser stores and prints up to 50 labels, for swift and easy parcel post

Easy to use feeder makes manual franking a breeze

Easy to use, one-touch direct access keys

- REDUCE WASTE – PRINTS EXACT POSTAGE, WHATEVER THE SIZE OF YOUR MAIL PIECE
- ADD MARKETING MESSAGES TO YOUR ENVELOPES
- SAVE TIME USING ONE-TOUCH CONTROLS
- FAST PRINTING OF FRANKED LABELS FOR PARCELS AND PACKAGES
